APPROVES this CALL FOR EXPRESSION OF INTEREST

For filling one (1) position of PhD student under the project 'Black hole Optical polarization Time domain Survey' and with acronym 'BOOTES' at the Institute of Astrophysics of FORTH.

CALL FOR EXPRESSION OF INTEREST

POSITION

Under this Call, **one (1) position** of PhD student is announced, to be employed at FORTH-IA through the conclusion of a fixed-term employment contract, which will be specified in the project.

DESCRIPTION

The candidate will be responsible for observing at the Skinakas' telescopes for every observing night (three weeks per month). When not observing, the student is expected to work on the data analysis of the observations.

Individual tasks will include:

- Observation planning
- Performing the observations
- Data Analysis

REMUNERATION

The total remuneration of the PhD Student shall be determined in accordance with the provisions of Laws 4310/2014 and 4354/2015, as currently in force, and shall be commensurate with the selected candidate's academic qualifications, prior service in the public sector, and family status, as well as the budgeted cost for the assigned project and the terms of its funding.

QUALIFICATIONS:

ESSENTIAL (MINIMUM REQUIRED) QUALIFICATIONS:
Candidates need to be fluent in English.
Candidates must be registered in a PhD Program in Physics or related fields at a Greek University.
Candidates must have background in programming and in astrophysics (formal courses and/or projects).
Candidates must have experience in optical observations and data analysis.
Candidates must have experience in telescope operations.

DESIRABLE QUALIFICATIONS:
Candidates must be available to start and present in Crete by the starting date.
Candidates must have a driver's license

EVALUATION CRITERIA
The selection of candidates is based on the scoring of submitted applications according to the following criteria:

No.	Evaluation criterion	Maximum score	Means of proof
1	Background in optical observations and data analysis	**Up to 30:**	Curriculum Vitae
2	Experience in telescope operations	**Up to 40:**	Curriculum Vitae
3	Good or excellent command of the English language, as defined in Article 10 of Presidential Decree 85/2022, as amended and in force	**Up to 30:**	Copy of certificate
TOTAL		**100**	

Candidates who do not meet the required qualifications of the Call are excluded from the procedure. Applications of candidates with a total score lower than 60 will not be considered for the position.

APPLICATION SUBMISSION
Interested candidates can submit their applications ONLY electronically to the email address info@ia.forth.gr and cc liodakis@ia.forth.gr attention to Dr. Ioannis Liodakis.

Should a candidate wish to amend an application—whether to correct information or provide missing supporting documents—they must resubmit the entire application, including all relevant supporting documents. This is permitted only until the application submission deadline. Only the most recent submission will be considered valid; any prior submissions will be disregarded. Applications submitted after the aforementioned date will be rejected as late and will not be evaluated. Incomplete applications will not be taken into consideration. Qualifications mentioned in either the application or the curriculum vitae, but not substantiated by the submission of the corresponding supporting documents, will not be taken into account and will not be awarded points for the final ranking of candidates.

APPLICATIONS MUST INCLUDE:

• A detailed Curriculum Vitae (CV)

• Clear photocopies of academic degrees, transcripts for each program of study (undergraduate, postgraduate) completed, certificates, and any other documentation substantiating the applicant's qualifications

• Letters of recommendation and/or certificates of prior employment substantiating the required experience, as well as any other documents or evidence the applicant wishes to include to verify the experience mentioned in their CV

CONTACT INFORMATION:

● For information and questions regarding the application and selection procedure, please contact Dr. Ioannis Liodakis (liodakis@ia.forth.gr).

• For information and questions regarding the announced call for this position, the activity of the group of the Institute, please contact Dr. Ioannis Liodakis, (liodakis@ia.forth.gr).

EVALUATION PROCEDURE

Applications are evaluated by an Evaluation Committee, which consists of three (3) regular and three (3) alternate members drawn from the staff of FORTH-IA. One regular member must be the Principal Investigator of the Project. The Committee is appointed by decision of the BoD of FORTH. The composition of the Committee remains unchanged throughout the duration of the project. Failure to comply with the following requirement shall result in the **rejection** of the application, members of the Evaluation Committee must not have any kinship by blood or marriage up to the third degree with any candidate. In the event that a Committee member, other than the PI, is subject to such a conflict of interest, as aforementioned, (he/she) must notify the other Committee members in writing and request his/her own replacement, whereas, if the PI is subject to such a conflict of interest, the application shall be rejected. The Committee's recommendation is forwarded to the Director of FORTH-IA, who forwards it to the BoD of FORTH. The members of the Objections Committee are appointed in the same manner.

In the event of a tie, the candidate with the highest score in criterion 1 shall be selected. In the event of a continued tie, a public draw is carried out in the presence of the interested parties.

Should the selected candidate fail to appear to sign the contract, or resign while the contract is in force, the Contracting Authority may conclude a contract with the next candidate in the order of ranking, without any further procedure.

SELECTION ANNOUNCEMENT

The results of the evaluation are announced/posted on the website of FORTH-IA (https://www.ia.forth.gr/employment-opportunities).

SUBMISSION OF OBJECTIONS

Candidates who submitted an application for a position under this Call have the right to:

(a) Submit an objection regarding their ranking within a period of five (5) calendar days from the day following the publication of the provisional results, by means of a written application to the secretariat of FORTH-IA.

(b) Access the contents of their own individual application file, as well as the evaluation/scoring sheets of other candidates and the evaluation minutes/report, upon submission of a written request to FORTH-IA within FIVE (5) calendar days from the day following the results' posting/announcement. Access to personal data of other candidates is limited to the personal data, relevant information, and supporting documents that formed the basis for the evaluation of candidates for the specific position(s) to be filled. Prior to the disclosure of any personal data and/or information concerning other candidates to the applicant, FORTH shall notify the respective data subjects in an appropriate manner depending on the circumstances.

Objection applications may be submitted in one of the following ways: in person, via an authorised representative; **by email to info@ia.forth.gr;** by post; or by courier to FORTH address: FORTH-IA, N. Plastira 100, Vassilika Vouton, 70013 Heraklion, Crete, Greece. In the case of submission by mail/postal or courier, the date of submission is the date shown on the postal or courier service postmark or stamp. If the deadline expires on/falls on a non-working day, it shall be extended to the next working day. Late objections will not be considered.

Objections are examined by the Objections Committee, which is appointed by decision of the BoD of FORTH. The Objection Committee consists of three (3) regular and three (3) alternate members drawn from the staff of FORTH-IA. The members of the Objections Committee are not permitted to have kinship relations by blood or by affinity up to the third degree with any candidate. If no objections are submitted, the provisional results become final.

OTHER CONDITIONS

1. For applicants/candidates whose higher education qualifications (undergraduate and postgraduate) constitute a required or assessed formal qualification and were awarded by institutions abroad, these institutions must be included in the National Register of Recognised Foreign Higher Education Institutions and the National Register of Types of Recognised Qualifications of Foreign Higher Education Institutions, or a certificate from the Hellenic National Academic Recognition and Information Centre (DOATAP) must be submitted, in accordance with Law 4957/2022. Applicants/Candidates whose higher education qualifications (undergraduate and postgraduate) were awarded by foreign institutions included in the "List of Foreign Institutions awarding qualifications through franchise agreements with private entities in Greece" must submit a 'Certificate of Place of Study' issued and sent by the entity where the studies were actually conducted.
2. Throughout the duration of the Project, should it be necessary to replace individuals selected in accordance with this Call, such replacement shall be effected by selecting another candidate(s) based on their score/ranking – from the established ranking list (drawn up).
3. In the event that the funding allocated for the project is terminated for any reason, FORTH-IA reserves the right to terminate the performance of the contract by means of a formal notice of termination and without incurring any liability for damages.
4. FORTH-IA does not assume any obligation to enter into a contract and reserves the right to cancel or repeat the procedure without any obligation to pay compensation, any related claims by the candidates being expressly excluded.
5. Participation implies full acceptance of the terms of this Call for Expression of Interest.

GDPR DISCLAIMER

FORTH is compliant with all legal procedures for the processing of personal data as defined by the **Regulation EU/2016/679 on the protection of natural persons with regard to the processing of personal data.**

FORTH processes the personal data and relevant supporting documents that you have submitted to us. Processing of that data is carried out exclusively for the needs and purposes of this specific call. Such data shall not be transmitted to or communicated to any third party unless required by law.

FORTH retains the above data until the announcement of the final results of the call, unless further retention is required by law or for the purposes of the establishment, exercise or defence of legal claims, as provided for in Regulation (EU) 2016/679 and/or the applicable national legislation.

Under Regulation (EU) 2016/679, you have the right to be informed about, access, rectify and erase your personal data, as well as the right to restriction of processing and the right to object, as provided for by the applicable EU and national legislation.

You also have the right to lodge a complaint with the Hellenic Data Protection Authority. For further information and for the exercise of your personal data protection rights, you may contact the Data Protection Officer of FORTH at dpo@admin.forth.gr.

You have the right to withdraw your application and consent for the processing of your personal data at any time. We inform you that, in this case, FORTH shall destroy such documents and/or supporting documents submitted and shall delete the related personal data.

This call is published on the website of FORTH-IA **[https://www.ia.forth.gr/employment-opportunities]**, on Diavgeia (ΔΙΑΥΓΕΙΑ - the Government's Transparency programme) and wherever else required by the funding body.
